E-TRADING STATISTICS – AUGUST 2009

GLOSSARY

T/R This column represents the total number of active Trading Relationships for the current month.

ORD This column represents the total number of Purchase Orders for the current month.

INV This column represents the total number of Invoices for the current month.

CNF This column represents the total number of Order Confirmation messages for the current month.

TYPE

For Selling Organisations this column shows the method used to deliver the electronic documents.

- eLink - The document is sent to the recipients system in an agreed Business to Business (B2B) format e.g. XML.
- eLink* - Denotes an e-Link supplier who receives e-orders but does not currently send e-invoices directly via PMS.
- eMail - The document is e-mailed to the recipient in a readable format (PDF).
- GXS - The document is forwarded via the EDI value added network: GXS Tradanet, in an agreed EDI format e.g. TRADACOMS.

For Buying Organisations this column shows the front-end system used by the Hospital Pharmacy i.e.

- PowerGate
- Medecator
